Public Comments. (Public comment is limited to a maximum of 3 minutes per item. No deliberations with DCR Board. Time may not be given to another speaker.)

#### Item No. 4

Review and consider taking action on the minutes of the regular meeting held on August 10, 2021.

RICHMOND

PEVELOPIATION OF PICHAGNIP

DEVELOPMENT CORPORATION OF RICHMOND

## Item No. 5 Review Financial Reports through October 31, 2021

### Fort Bend and Richmond's Innovation

- In 2019, Fort Bend County EDC hired the Cannon Group to provide an assessment on Entrepreneurial and Innovation activity throughout Fort Bend.
- In 2020, the study findings were made public.
- It identified a need to create innovation hubs throughout Fort Bend County. Preferably 3 sites to begin the program. (Sugar Land, Richmond, and Fulshear)
- In the study it referenced, that Fort Bend County will need to take an intentional and strategic approach to stimulate its entrepreneurial infrastructure. With its growing population and increasing number of influential companies in its backyard, The County should look to use entrepreneurship to augment its existing industry mix and begin leveraging its competences, skills, knowledge, and capital to create environments that can incubate ideas, accelerate startups, facilitate partnerships, and catalyze continued economic growth.
- Their study (Cannon Group) determined that this kind of economic development requires the establishment of physical hubs for startup and small business support services to serve as the home bases for entrepreneurship activity in the region.

### Background on Innovation Hubs & The Cannon

- Innovation hubs go by many names (startup communities, entrepreneurial ecosystems, innovation districts, etc.), but they all refer to workspace environments that have been intentionally created to foster dense clusters of entrepreneurial activity. Emphasis, then, is not just focused on the physical space, but on the curation of the members of the workspace community as well.
- In the case of NOIDs (Naturally Occurring Innovation Districts), no intentional architecting of a hub is needed. San Francisco and Boston developed, for a variety of reasons, relatively organically. But these instances are rare, and in the absence of organic development, city leaders and stakeholders need to think about how to facilitate the conditions for a vibrant startup culture in their city.
- To do so requires the careful, comprehensive, and ongoing involvement of and engagement by all the organizations and activities necessary to the success of startups: Local governments, corporations, universities, research organizations, accelerators, incubators, mentors, investors, programming, etc. in a dense physical environment.
- The Cannon is an organization that helps communities develop and operate these epicenters of activity. Each region requires a custom-built approach that taps into its inherent strengths while understanding and building strategies around mitigating its weaknesses.

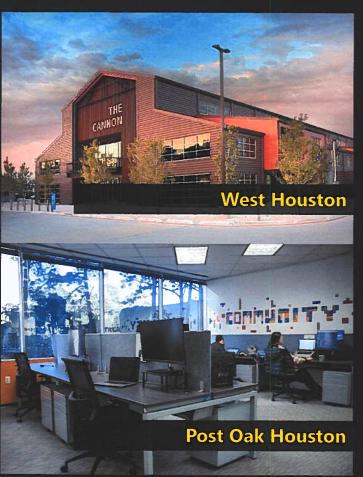

## The Cannon Group

IE CANNO

### The Cannon Group Sites

### The Ion Houston

## What do they both offer?

#### **Community events**

Weekly events that are actually worth going to.

#### Sit/stand desks

Wellness desks that sit and stand when you want them to.

#### Open network of locations

Our members have access to any and all Common Desk locations (the list is growing as you read this).

#### **Bottomless craft coffee**

Having our own coffee brand inhouse means getting the best cup of joe while you work has never been easier.

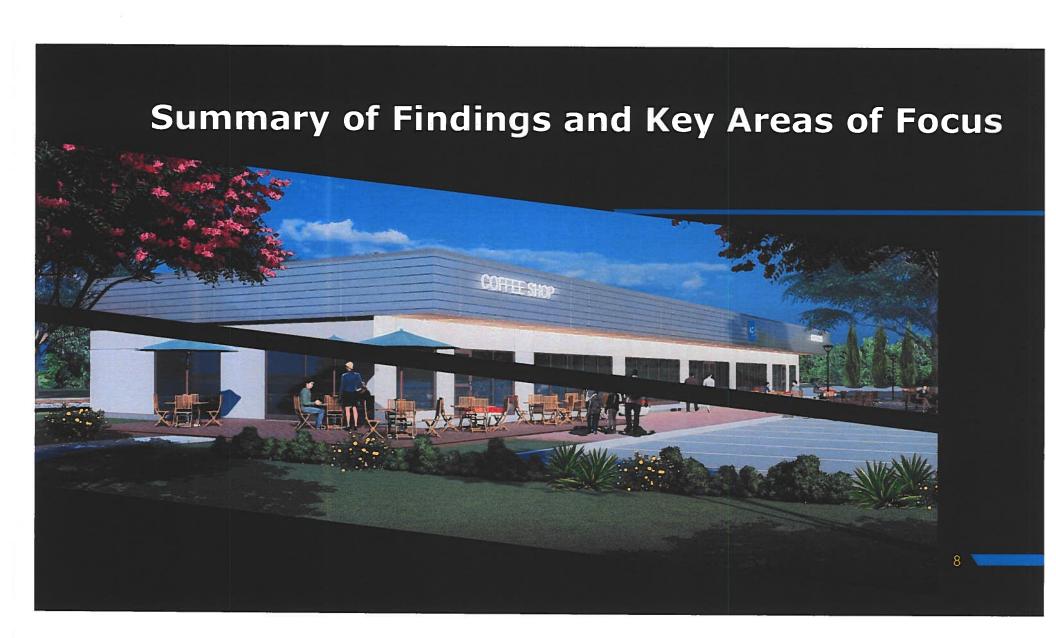

#### Unlimited conference room bookings

No credits needed. Our conference rooms are there when you need them!

#### Freaky-fast wifi + secure network

Because everyone needs fiber.

#### **Approach**

In addition to reviewing all relevant documents such as strategic plans, development plans, demographic data, and research studies made available to our team, The Cannon organization also met with key private and public sector influencers and conducted additional one-on-one interviews with prominent political and business leaders, as well as property owners who could potentially provide physical space, in order to better understand the Fort Bend County landscape.

#### **Economy and Innovation Potential**

Currently, only 22% of Fort Bend County residents work in The County, and roughly 65% of residents commute to Harris County for work every day.

#### What does this mean for Fort Bend and Richmond?

- In 2015, Fort Bend County became Texas's wealthiest county, reporting a median household income of \$95,389, compared to the Texas average of \$53,200.
- However, one challenge economically that The County will face as it continues to develop is its dependency on Greater Houston.
- "Fort Bend County is largely residential and would benefit from the development of a Central Business District to serve as an employment node."
- The County (I would also add in Richmond) needs to take an intentional approach to develop more local job centers and stimulate the creation of homegrown, export-oriented companies that can help make it more self-reliant and less dependent on Harris County for jobs.
- The County/City should focus on 5 Focus Areas...

#### **5 Focus Areas**

- The first area of focus is on fostering alignment, creating awareness, and enabling accessibility across the whole of The County.
  - Establishing at least three entrepreneurial hubs in strategic locations across the County.
  - Fostering a programmatic connectedness among the hubs.
  - · Developing a shared system of marketing and communications throughout the County
- The second area is developing educational programs geared toward new entrepreneurs and early-stage business development.
  - Creating educational programming in each hub by leveraging service provider partnerships.
  - · Launching a Mentor Network that operates across all locations in the County.

#### **5 Focus Areas**

- The third area of focus is on the providing of programs in these entrepreneurial centers that help local companies innovate and scale.
  - Co-locating mature companies with startups.
  - Leveraging mentors through office hours and on-site coaching.
  - · Developing growth-focused educational programs
  - · Offering innovation management services.
- The fourth area is on the integration of local education programs to augment their activities and create synergy between business and academia.
- The final area of focus for Fort Bend's innovation strategy is on investor management.
   In our research and discussions with local stakeholders, the lack of a robust venture investing environment came up frequently as a missing piece in the existing ecosystem.

Innovation Hub @ Myrtle Prospective Development

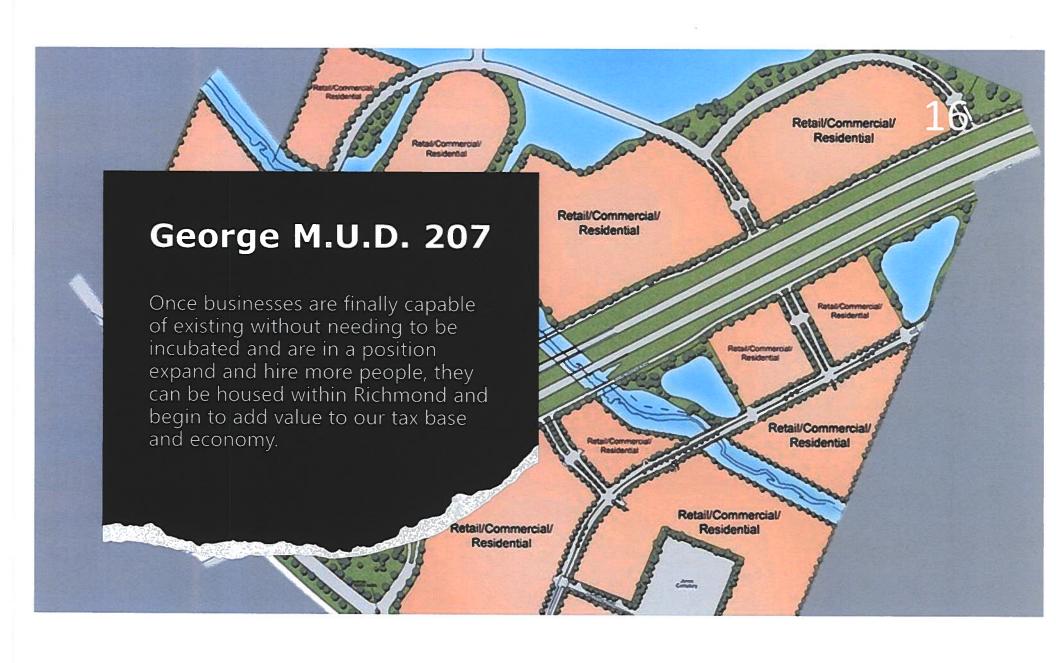

#### **Start**

This can begin as the starting place for developing an entrepreneurial ecosystem in Fort Bend County more importantly RICHMOND!

#### Phase 2

As businesses begin to grow, we can expand our Innovation Hub from a building to a district, create more attraction for businesses and beautify a major corridor in the city.

#### Funding for this project

- EDA Funds will be limited because of the size of the project.
- We can pursue grant opportunities from our local grant providers.
- This project has a significant impact to the community as it attempts to increase businesses which is being outpaced in growth by nonprofit organizations in the Richmond city limits.

## Item No. 6 Review and discuss Accelerator in Richmond.

#### Item No. 7

Review and consider taking action on the Logo and Brand name for the Development Corporation of Richmond.

City Logo

#### Logo Goal

Create a modified version of the city logo to communicate economic development.

A - Same font as City logo

B - Same font as City logo, but texture wording has been removed

C - Shape added to modernize the bridge icon - Lighter weight of font used on secondary text

- DEVELOP RICHMOND EST. TEXAS 1837
- D Same as C, but using a slab-serif font on the secondary text to communicate a more "business" persona

E - Same as C/D, but using an extended font on the secondary text to communicate a more "progressive" persona

## Item No. 8 Review and discuss the renovations and improvements to the

YMCA.

### Item No. 10

## Discuss future dates for Workshops.

- A. Economic Development 101 (State facilitated workshop)
- B. Downtown Richmond
- C. Development in Richmond (Attraction/Challenges)
- D. Richmond/Fort Bend/Greater Houston Ecosystem
- E. Retail Development
- F. Understanding Small Business needs
- G. Recognizing Our Partnerships
- H. Parking and Drainage

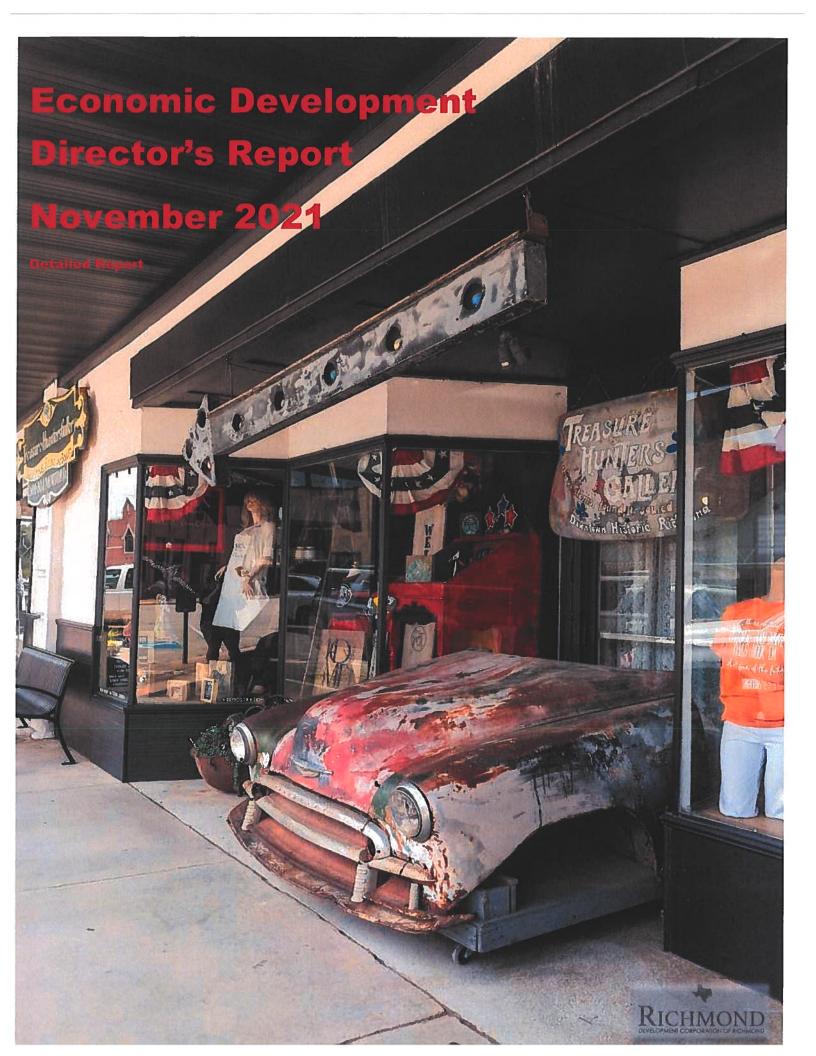

DEVELOPMENT CORPORATION OF RICHMOND

## Item No. 11

Report of activities of Economic Development Director.

- A.Bella Media
- B. Retail Coach
- C. Farmers Markets

#### **Regional Partnerships**

- Attended Fort Bend EDC Board of Directors Meeting. This meeting highlighted Risk Rating 2.0 which will make significant changes to the levees and how FEMA will recognize them according to Insurance rates. Also, a discussion the levee boards.
- Marvin and I continue to have conversations every week the special session has finally gone through, and we are now discussing possible activity with the second special session ramping up in Austin.
- State of the County At a State of the County address on Oct. 14, Judge George discussed the growth of the county and how various governing entities are working together to make sure the growth is effectively managed. During the pandemic, George said, the county distributed more than \$39 million for rental, mortgage, and utility assistance. It also issued more than \$46 million in small businesses grants and more than \$5 million in food vouchers.

#### **Local Partnerships**

- One Table One Community event was a huge success. The return of the One Table event was welcomed by over 120 tickets sold! There was great weather, food friendly faces and music. We look forward to seeing you all in 2022 as we prepare for the next One Table event in 2022.
- Richmond's Farmers Market will be held on November 5<sup>th</sup> from 3 pm to 7 pm at
  Wessendorff Park. The Central Fort bend Chamber of Commerce will provide a Ribbon
  Cutting for the Farmers Market and we are anticipating one of our better crowds for this
  Friday! We continue to hear positive feedback and as we receive constructive criticism,
  we meet within a week following each market to review and make improvements. Any
  suggestions are welcomed to assist us in growing the event.
- Central Fort Bend Chamber of Commerce Industrial Division Manufacturing Day is scheduled for November 5<sup>th</sup> at the Richmond Campus for Wharton County Junior College. We anticipate large participation from Lamar CISD student population and there would have been a schedule conflict for many of them should we decide to proceed with the previous date.

#### **Small Business/Commercial Development**

- Met with new business owners at Jax &7th. For those of you familiar with Tiny Boxwood, this company will give you that sense of feel. We are looking forward to continued conversations with the development of this project. I will be coming to the board with potential ideas pertaining to growing this idea.
- Business Lunch with Stephen Carter In addition to offering a COVID-19 small business assistance grant program, the county launched the Fort Bend Entrepreneur

Initiative with consultants Carter & Carter to provide free one-on-one business coaching to small businesses, according to the conference. "We're looking at small businesses, like nail salons, beauticians, barbershops [and] small restaurants," said Sterling Carter, co-owner of Carter & Carter. "We're wanting to mirror the funds that they're receiving with the education that they need so they can recover from this pandemic." The consulting services will be provided in English or Spanish, said Stephen Carter, co-owner of Carter & Carter and Sterling Carter's brother. The services will help businesses create customized recovery plans.

- Richmond Small Business Breakfast We had over 40 participants who attended our breakfast on October 27<sup>th</sup> at 8 am. We would like to say thank you to our partners at Central Fort Bend Chamber of Commerce. They assisted us with contacting businesses by social media, mailing out letters to every business within our directory as well as the Chamber's contact list. They also sent out email blast which we felt was extremely helpful to get the word out. We would like to thank our speakers, the host and everyone who assisted us. We look forward to our event in February 2022.
- Attended Greater Houston Partnership's office for the Innovation Council
   The Innovation Council discussed how the Greater Houston area must continue expanding its digital sectors as a nationally recognized metro area of the future.

   Speakers:

Joey Sanchez, Director, Corporate Engagement, Houston Exponential Jon Nordby, Managing Director, Mass Challenge Texas

#### **Economic Development Items**

- Myrtle Street Buildout We met with PGAL to discuss the needs of the office. We looked and discussed the flow of the office and what spaces we would need for the area. We also spoke of the future of the area next to the space we would use for offices. The Economic Development Department would have 3 spaces. The Directors office, Assistant Directors Office, and the Receptionist area. There will also be 2 spaces for the IT professionals and space for the Mayor and Commissioners.
- Community Christmas Walk We had our kickoff meeting in September and are excited about this two-day event. We are combining the HRA and the Christmas Walk event on all advertisement and will sell tourist on the need to come for two days to experience "Holidays in Richmond". The flyer promoting the event is attached.
- Met with Liz Hamm Liz and I discussed taking the Be Local Richmond Texas guide and
  customizing it to a visitor guide for our 3 hotels. This would cut back on the need for us
  to partner with someone who would have to gather all the information she already has.
   We would be able to have the publication and/or advertisement in every room in each of
  our hotels and help with attracting visitors with where to spend their dollars in Richmond.
