#### <u>AGENDA</u>

- A1. Call to Order, Quorum Determined and Meeting Declared Open.
- A2. Public comments (Public comment is limited to a maximum of 3 minutes per item. No Deliberations with the Commission. Time may not be given to another speaker.)
- A3. Review and consider taking action on authorizing City Manager to execute a contract for the Wastewater Treatment Plant Rehabilitation Project.
- A4. Review and discuss presentation on special overlay districts, such as a Tax Increment Reinvestment Zone, Public Improvement Districts.

- A5. Review and discuss the Draft of the Comprehensive Master Plan Update.
- A6. Adjournment.

\*\*There may be a Quorum of Planning and Zoning Commission members at the meeting. \*\*

If, during the course of the meeting covered by this Agenda, the Commission shall determine that an executive session of the Commission, should be held or is required in relation to any item included in this Agenda, then such executive session, as authorized by the Texas Open Meetings Act, will be held by the Board at the date, hour, and place given in this Agenda concerning any and all subjects and for any and all purposes permitted by Sections 551.071-551.090 of the Texas Government Code, including, but not limited to, Section 551.071 – for purpose of consultation with attorney, on any or all subjects or matters authorized by law.

#### **NOTICE OF ASSISTANCE AT THE PUBLIC MEETING**

The City of Richmond City Commission meetings are available to all persons regardless of disability. This facility is wheelchair accessible and accessible parking spaces are available. Requests for accommodations, should you require special assistance, must be made 48 hours prior to this meeting. Braille is not available. Please contact the City Secretary's office at (281) 342-5456 ex. 505 for needed accommodations.

If you have any questions, please let me know. Terri Vela

#### CITY COMMISSION AGENDA ITEM COVER MEMO

**DATE: July 8, 2024** 

Staff Review:
City Manager
City Attorney
Finance
Fire Department
Police Department
Public Works

AGENDA ITEM: Regional Wastewater Treatment Plant (WWTP) Rehabilitation

**SUBMITTED BY: Howard Christian, Assistant City Manager** 

#### **SYNOPSIS**

The city was awarded American Rescue Plan Act (ARPA) grant funding in the amount of \$3.116 million dollars in late 2022. The grant funding is designated for Utility Infrastructure Rehabilitation Projects. The last project for the available funding is for the Regional WWTP rehabilitation.

#### **COMPREHENSIVE PLAN GOALS ADDRESSED**

Rehabilitate and preserve Richmond's existing neighborhoods and community assets.

#### **BACKGROUND**

On June 18, 2024, two bids were received for the proposed Regional WWTP Rehabilitation project. The low qualified bidder was RGV Industrial Machine Shop and Pumps, LLC with a bid of \$1,262,050. The scope of the project includes:

- Install new air lines, drops, and butterfly and sluice gate valves in aeration chambers
- By-pass pumping
- Replace stainless steel slide gates
- Replace defective handrails
- Complete rehabilitation of 1 clarifier
- Replace defective grating panels
- Cleaning of 4 aeration basins (Alternative Bid A1)

The Engineer (LIA Engineering) checked the contractor's references, previous work experience on similar projects, and reviewed their surety and found them to be satisfactory. The duration of this project will take approximately 360 days.

		STAFF'S RECO	MMENDATION			
It is Staff's recommendation that the City Commission authorize the City Manager to execute a Construction Services Contract with RGV Industrial Machine Shop and Pumps, LLC in the amount of \$1,262,050 for the City of Richmond Regional Wastewater Treatment Plant Rehabilitation project.						
City Manager <i>F</i>	Approval:					

June 26, 2024

Mr. Howard Christian Public Works Director City of Richmond 600 Morton Street Richmond, Texas 77469

RE: Bid Tabulation and Recommendation of Award for Construction of

Wastewater Treatment Plant Improvements LJA Project No. 1027-2201 Contract No. 5

City Project No. WW2403

Mr. Christian,

Bids for construction of the reference project were received on June 18, 2024 at 2:00 P.M. at the City Hall Annex located at 600 Morton Street, Richmond, Texas 77469 and subsequently read in public. Two (2) contracting firms submitted bids for the project. No errors were found.

The bidders from low to high and the correct total amounts bid for the Base Bid and Add Alternate Bid Item A1 Bid Items are as follows:

Contractor	Location	Contract Amount	Calendar Days
RGV Industrial Machine Shop and Pumps, LLC	Elsa, TX	\$1,262,050.00	360
JTR Constructors, Inc.	Houston, TX	\$1,772,675.00	365

A copy of the Bid Tabulation is attached.

The bidding documents of the bidders were examined and found to be in order.

Our investigation of RGV Industrial Machine Shop and Pumps, LLC, included a review of their surety, references of previous projects and past work experience. Based on our investigation, we recommend awarding the contract to the low bidder, RGV Industrial Machine Shop and Pumps, LLC.

City of Richmond June 26, 2024 Page 2

If you have any questions or need additional information, please contact me at 713-953-5102.

Sincerely,

Michael J. Helfrich, Jr., P.E.

Project Manager

City of Richmond

#### Tax Increment Financing (TIF) or Tax Increment Reinvestment Zone (TIRZ) Chapter 311 of Texas Tax Code

- Defined zone within the City limits or ETJ created by Commission action
  - TIRZ Board of Directors makes recommendations to the governing body of the City
- Base value is established upon creation
  - Any incremental increase in value, the captured value, may be taxed to reimburse for infrastructure or to repay any debt or obligation of the zone.
- Can collect property taxes and sales taxes
- Goals of a TIRZ
  - Provide infrastructure and other improvements to the reinvestment zone
  - Use revenues created from the new growth in the TIRZ to pay for improvements
  - Offset PID assessments
  - May also be used to fund economic development grants

#### TIRZ Mechanics

#### Public Improvement Districts ("PID")

#### Chapter 372 of Local Government Code Statute

- Defined area within the City or its ETJ
- Created by the governing body of the City after petition from landowners
- Used to promote higher quality or special <u>public</u> improvements and services in a development
- Ability to levy an <u>assessment</u> on a lot
  - > Assessment lien established before homestead
  - ➤ (1) Capital and/or (2) maintenance (or service) assessments
  - Normally included on an ad valorem property tax bill
  - Unlike property taxes, PID assessment/lien can be prepaid at anytime
  - Subordinate to governmental ad valorem taxes, but superior to private financing (mortgage)
- Fund water, sewer, drainage, roads, public safety, parks and other development enhancements

#### Public Improvement Districts ("PID")

- Goal is to limit repayment for special benefits to the area within PID
- Service and Assessment Plan ("SAP") is required
  - Indicates project plan, maintenance and administration plan, allocates and levies assessments based on benefit and capital funding process and timing.
- City may issue debt for the PID
  - Debt is repaid by the levy of assessments against all property within the PID.
  - Does <u>not</u> pledge or encumber any City funds.
  - Currently, rating agencies' positions are that PID debt does <u>not</u> impact a city's credit ratings.
- Various financial metrics are reviewed and imposed in order to limit the amount of debt on a development

#### Comparison of PIDs and MUDs/WCIDs

	Public Improvement Districts	Municipal Utility Districts ("MUD's") / Water Control & Improvement Districts ("WCID's")
Creation	City Commission, after receiving petition from landowner	TCEQ or Texas Legislature; consent from City if it is w/in boundaries or ETJ
Separate Governmental Entity	No	Yes
Allowable Projects  Water, sewer, drainage, roads, public safety, parks, other		Water, sewer, drainage, roads in certain instances
Revenue Stream Assessments		Taxes, certain revenues
Prepayment of Assessments vs. Taxes	No early pay off of	
Debt	Yes - Special Assessment Revenue Bonds	Yes - Tax Bonds (bond election, approval by TCEQ) and Revenue Bonds (no election, TCEQ approval)
Termination	Once assessments are paid off	Can exist into perpetuity

#### Typical Uses for a PID and a TIRZ

#### PID's

- For a capital PID, raw land with a limited number of owners
  - Generally, maintenance PID can be set up on existing properties
- Residential development with an experienced and financially sound developer
- Commercial, retail, industrial, multi-family and/or mixed-use development with an experienced developer <u>and</u> significant diversification of assessment payor base
- To induce annexation
- To get a higher level of development and amenities

#### TIRZ's

- Overlay onto raw land or developed land
- Area with projected taxable assessed valuation and/or sales tax growth
- Commercial and/or retail area to provide dollars to the developer for economic incentives to potential companies
- Overlay onto a PID to provide an offset to PID assessments
- Overlay onto a PID to allow for increased reimbursement of public infrastructure costs

#### PID Financial Metrics – Tax Stack

- PID assessment is converted to a tax rate equivalent ("TRE")
- TRE is based on the assumed future home value and added to all overlapping taxes
- Tax stack is a metric at a point in time as tax rates and home values change
- TIRZ may overlay a PID; in this case, TIRZ revenues may be used to offset annual PID assessments

PID Only Example:		PID and TIRZ Example:	
City	\$ 0.6100	City	\$ 0.6100
School	1.6200	School	1.6200
County	0.4418	County	0.4418
Community College	0.1773	Community College	0.1773
PID Assessment TRE	0.3009	PID Assessment TRE	0.6009
Total Tax Stack	\$ 3.1500	Total Tax Stack	\$ 3.4500
		LESS: TIRZ Credit	(0.3000)
		Net Tax Stack	\$ 3.1500

#### PID Financial Metrics – Value to Lien ("VtL")

One financial measure of the amount of debt placed on a property

	Scenario 1	Scenario 2	Scenario 3	
Value of Land	\$ 30,000,000	\$ 30,000,000	\$ 30,000,000	
Debt/Lien Placed on Land	\$ 10,000,000	\$ 12,000,000	\$ 15,000,000	
Value to Lien (VtL)	3:1	2.5:1	2:1	

- Value of land is typically based on a third-party appraisal that takes into account horizontal improvements, i.e. infrastructure and related work necessary to produce a 'finished lot'
- The lower the value to lien, the more leverage (debt) the property has on it
- Additionally, the lower the value to lien the larger a potential bond issue can become; results in the developer receiving more reimbursement for infrastructure costs

#### Recommendations/Next Steps

- Define overall development goals for the City over the next 10 year period
- Create a PID policy and a TIRZ policy
- Have a Commission-approved Development Agreement in place prior to creating a PID
- Look at each PID and/or TIRZ on an individual basis
- Assume approving one PID and/or TIRZ will set a precedent

#### **APPENDIX**

#### Summary of TIRZ and PIDs

	Tax Increment Reinvestment Zones	Public Improvement Districts
Creation	City Commission	City Commission, after receiving petition from landowner
Separate Governmental Entity	No	No
Revenue Stream	Property Taxes and/or Sales Taxes	Assessments
Additional Cost to Owner	No	Yes
Ability to Debt Finance	Yes - Typically <u>Direct</u> Obligation of the City	Yes - Typically <u>Special</u> Obligation of the City
Termination	Earlier of Specified Date or Collection of Full TIRZ Revenue Amount	Earlier of Specified Date or Collection of All Assessments

#### Administrative Responsibilities

Tax Increment Reinvestment Zones	Public Improvement Districts			
Selection/engagement of consultants				
Negotiation and approval o	f a Development Agreement			
Creation of the TIF/TIRZ	Creation of the PID			
Development of Project and Finance Plan	Development of Service and Assessment Plan			
Annual review and reporting	Annual approval of SAP and levy of assessments			
Issuance of debt, if any	Issuance of debt, if necessary			
Annual administrative costs (paid out of TIF/TIRZ Fund)	Annual administrative costs (paid out of PID Fund)			

#### City Consultant Roles

	Financial Advisor	City Attorney	Bond Counsel	PID Administrator/SAP Consultant	TIRZ Consultant
Responsibilities	Advises the City on all financial matters related to development districts and bond issuance	Drafting of development agreement and certain legal documents	Opines on legal matters related to development districts and bond issuance	Advise the City on certain matters related to a PID; Create the Service and Assessment Plan ("SAP")	Advise the City on certain matters related to a TIRZ; Create the Project and Finance Plan for the TIRZ
	Structure overall finance plan for the PID and/or TIRZ based on Developer inputs	Ensure obligations imposed by legal documents are allowed by State law	Ensure City is in compliance with State law and Federal tax law	Day-to-day activities associated with the PID	Provide updates and reports to the TIRZ
	Continuing disclosure dissemination agent	Review all documents related to transaction to ensure consistency	Drafting of certain legal documents	Provide annual updates to the SAP; summary reports on assessment collections	Ongoing monitoring

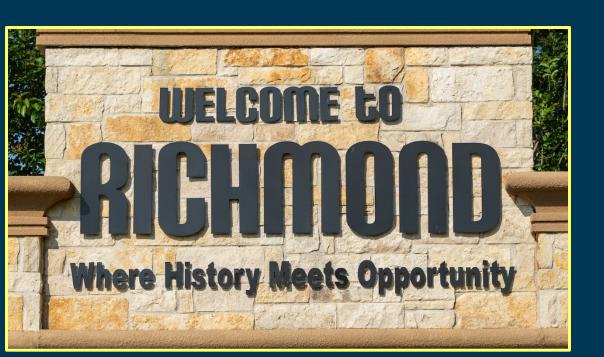

Monday, July 8, 2024 at 4:30 P.M.

A5. Review and discuss the Draft of the Comprehensive Master Plan Update.

#### Comprehensive Master Plan Updates

July 8, 2024

#### Workshop Focus:

**Proposed changes to Future Land Use map** 

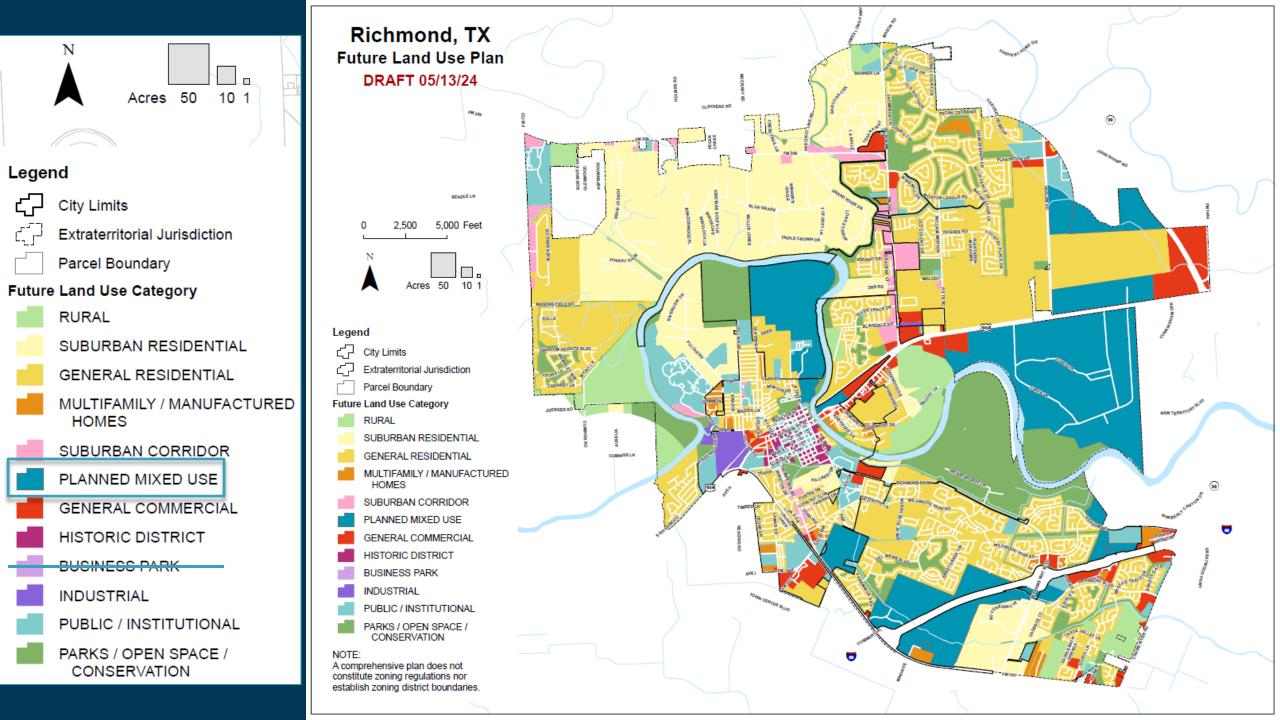

Proposed changes to Thoroughfare Plan

4 new CMP
Strategic Priorities

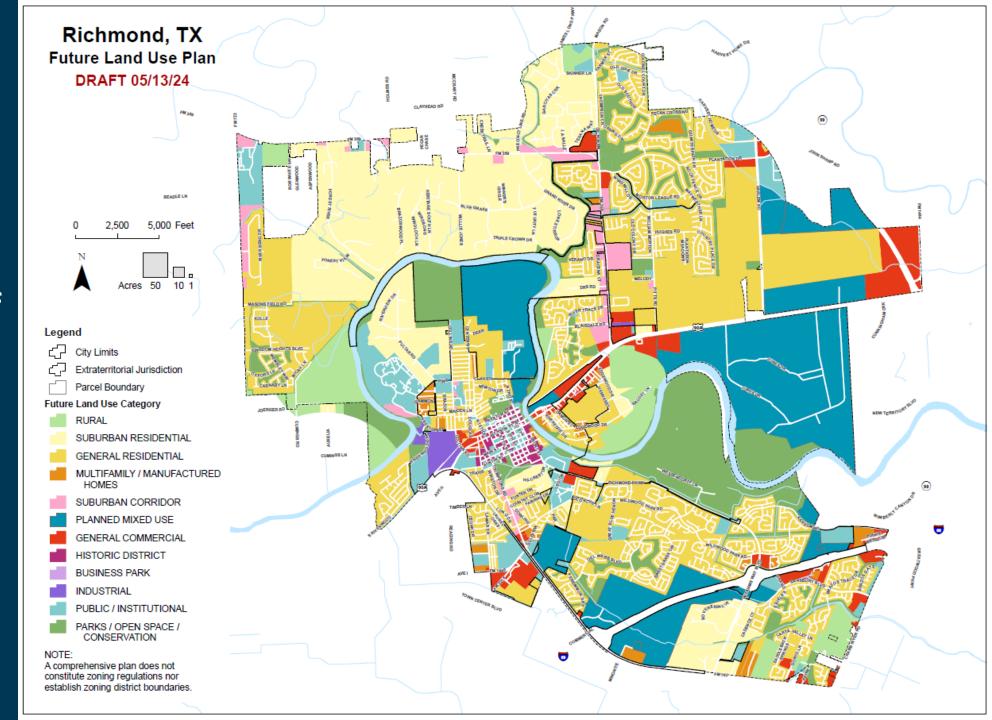

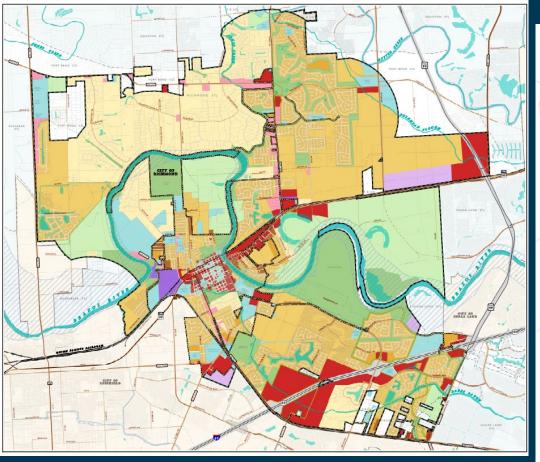

Refreshed Action Agenda

## Planned Mixed Use

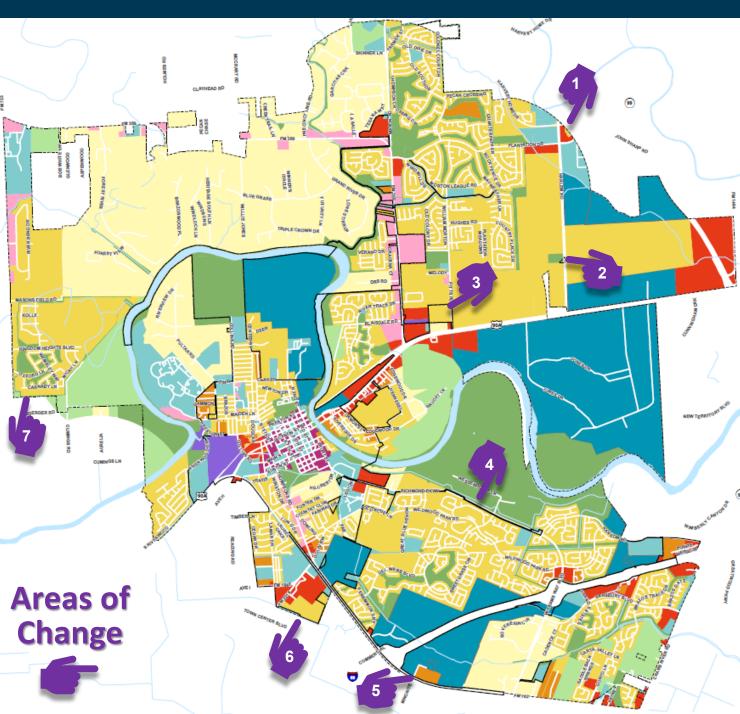

- Flexibility for larger-scale master-planned developments
- Various types of nonresidential
- Residential housing variety
- Especially for "destination" developments (creative mix, amenities, quality design)

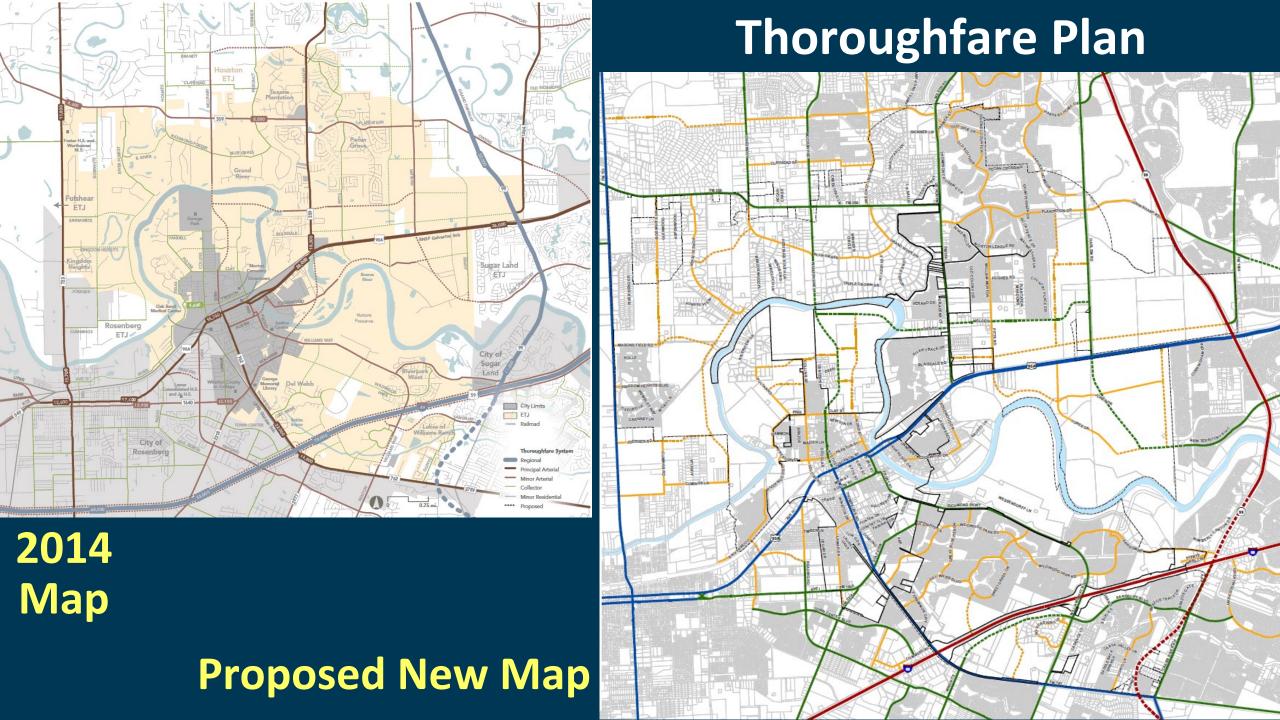

2019Map

**Proposed New Map** 

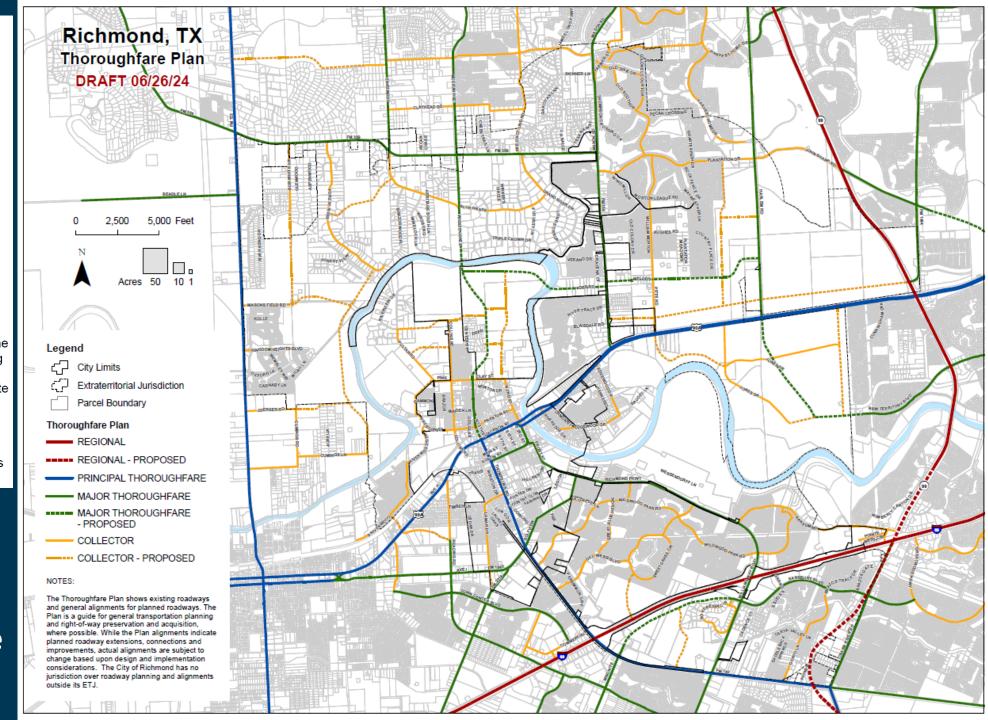

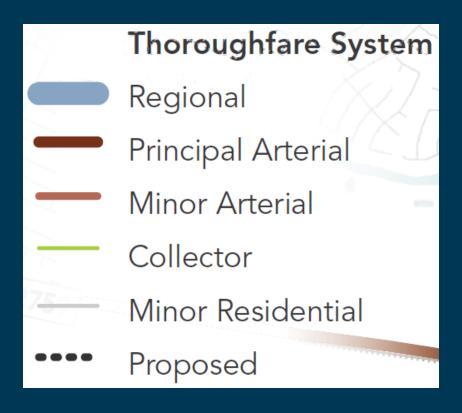

# Thoroughfare Plan REGIONAL REGIONAL - PROPOSED PRINCIPAL THOROUGHFARE MAJOR THOROUGHFARE - PROPOSED COLLECTOR COLLECTOR - PROPOSED

#### NOTES:

The Thoroughfare Plan shows existing roadways and general alignments for planned roadways. The Plan is a guide for general transportation planning and right-of-way preservation and acquisition, where possible. While the Plan alignments indicate planned roadway extensions, connections and improvements, actual alignments are subject to change based upon design and implementation considerations. The City of Richmond has no jurisdiction over roadway planning and alignments outside its ETJ.

# Key Objective Greater consistency with Fort Bend Co. Major Thoroughfare Plan

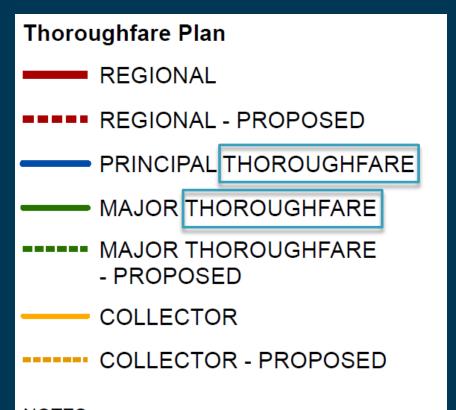

## Terminology now more consistent with:

- Fort Bend CountyMajor Thoroughfare Plan
- Richmond Unified Development Code and Public Infrastructure Design Manual

# Thoroughfare Plan REGIONAL REGIONAL - PROPOSED PRINCIPAL THOROUGHFARE MAJOR THOROUGHFARE - PROPOSED COLLECTOR COLLECTOR - PROPOSED

#### NOTES:

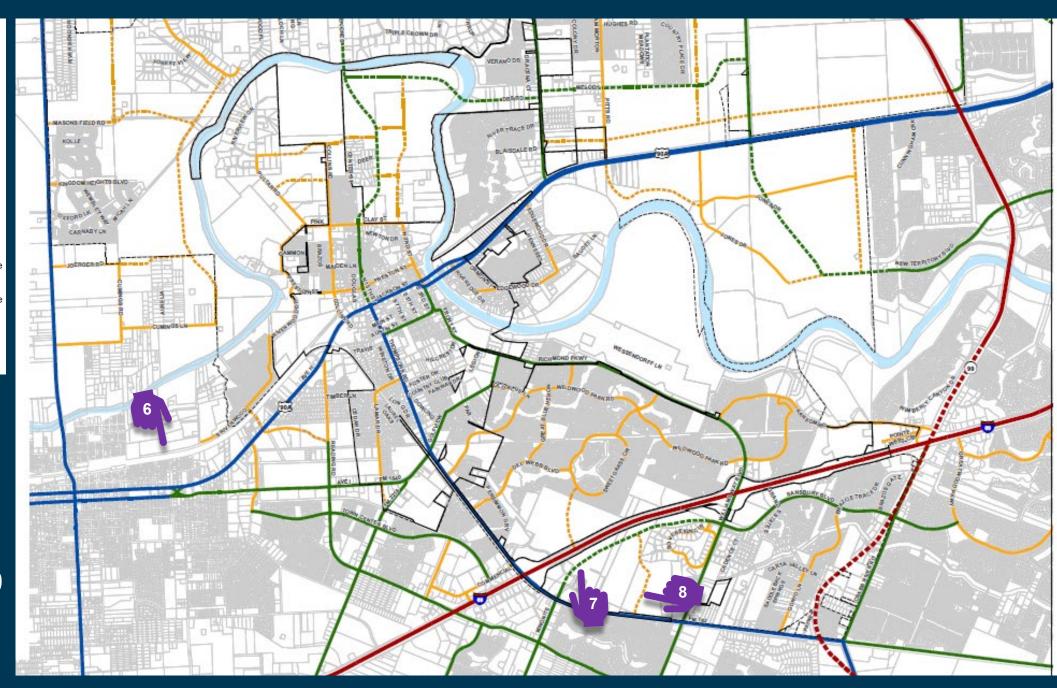

The Thoroughfare Plan shows existing roadways and general alignments for planned roadways. The Plan is a guide for general transportation planning and right-of-way preservation and acquisition, where possible. While the Plan alignments indicate planned roadway extensions, connections and improvements, actual alignments are subject to change based upon design and implementation considerations. The City of Richmond has no jurisdiction over roadway planning and alignments outside its ETJ.

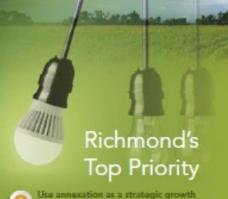

# Thoroughfare Plan REGIONAL REGIONAL - PROPOSED PRINCIPAL THOROUGHFARE MAJOR THOROUGHFARE - PROPOSED COLLECTOR COLLECTOR - PROPOSED

The Thoroughfare Plan shows existing roadways and general alignments for planned roadways. The Plan is a guide for general transportation planning and right-of-way preservation and acquisition, where possible. While the Plan alignments indicate planned roadway extensions, connections and improvements, actual alignments are subject to change based upon design and implementation considerations. The City of Richmond has no jurisdiction over roadway planning and alignments outside its ETJ.

New right-of-way preservation challenge After HB 3699 in 2023

Use annexation as a strategic growth tool to expand Richmond's population and tax base.

# Key Recommendations

- Fiscal impact model to influence growth decisions
- Utility infrastructure provision and extension policies
- Voluntary annexations and ETJ agreements

# Other Constalerations

- Coordination between the Capital improvements Program, Future Land Use Plan, and Annexation Program
- Protection of annexation areas not targeted for near-term growth
- Intergovernmental coordination for annexation and ETJ boundaries
- \* Asterisk indicates a crossover recommendation

  ✓ Check mark indicates a top-ranked priority

Leverage public investments to enhance the existing community and promote growth.

# Key Recommendations

- Joint-funded project initiatives and shared-use facilities
- Incremental infrastructure investments that can expand with growth
- Landscape beautification and screening investments with major infrastructure projects

# Other Commoration

- "Recruitment of mixed-use development opportunities at major civic destinations
- · Regional detention and recreation amenities
- Improved GIS Inventory of City and special district facilities
- Strengthened ties between industry and education
- Ongoing monitoring of impact fees to ensure regional competitiveness and proportional cost of impact

At the conclusion of the comprehensive planning process, community stakeholders ranked plan priorities at an Advisory Committee Workshop and on the plan's Online Discussion Forum.

Strengthen transportation connections and increase choices between ways to travel.

# Key Recommendations

- Regional advocacy for transportation funding and policy formation
- Mobility and connectivity updates to land development regulations and street design standards
- . Coordinated City-County thoroughfare planning
- Sidewalk, bike lane, and trail planning with rights-ofway protections
- Transit feasibility study to explore local circulator

# Other Considerations

- Traffic demand management system
- Incorporation of a street connectivity Index Into the Subdivision Regulations
- Localized traffic calming and travel speed studies
- Regional coordination with railroads to identify viability of an alternative track that bypasses Richmond

# Elevate the appearance, quality, and compatibility of development.

- Cay Recommendation
- Updated land development regulations
- Streamlined development review process

# Other Considerations

- · \*Public Investments at key community gateways
- · \*Recruitment of high-quality land developers
- Relationship between WFBMD guidelines and the City's land development regulations
- · Enhanced requirements of development agreements
- Advocacy program to aid in code compilance (e.g., weeds, debris, junk vehicles)
- Façade improvement grant program for commercial properties
- Requirement of traffic impact analyses for major developments

Create mixed-use activity centers that serve as community destinations.

# Koy Rocommondation

- · Recruitment of high-quality land developers
- · Cost-benefit analysis of railroad guiet zones
- Weekend and nightlife programming
- . Mixed-use development at major civic destinations
- · Strategic comidor planning

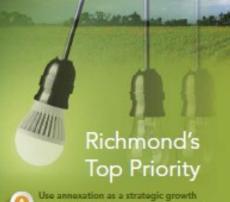

# Other Consideration

- · \*Collaborative marketing of Richmond's assets
- \*Transit feasibility study to explore local circulator
- \*Downtown redevelopment plan
- New financing mechanisms to support redevelopment efforts

Revitalize Richmond's core areas as an enhanced place to live, do business, enjoy leisure time and host visitors to an enduringly charming and historic community.

- Implement Olde Town Plan initiatives
- Complete review and amendments to Unified Development Code to better facilitate revitalization priorities
- Implement DCR Strategic Plan initiatives aimed at small business growth and investment in central Richmond
- Complete targeted City capital investments and public/private partnership initiatives aimed at upgrading and beautifying public areas

Use annexation as a strategic growth tool to expand Richmond's population and tax base.

# Key Recommendations

- Fiscal impact model to influence growth decisions
- Utility infrastructure provision and extension policies
- Voluntary annexations and ETJ agreements

# Other Constalerations

- Coordination between the Capital improvements Program, Future Land Use Plan, and Annexation Program
- Protection of annexation areas not targeted for near-term growth
- Intergovernmental coordination for annexation and ETJ boundaries
- ★ Asterisk indicates a crossover recommendation
  ✓ Check mark indicates a top-ranked priority

Leverage public investments to enhance the existing community and promote growth.

# Key Recommendations

- Joint-funded project initiatives and shared-use facilities
- Incremental infrastructure investments that can expand with growth
- Landscape beautification and screening investments with major infrastructure projects

# Other Combinetton

- "Recruitment of mixed-use development opportunities at major civic destinations
- · Regional detention and recreation amenities
- Improved GIS Inventory of City and special district facilities
- · Strengthened ties between industry and education
- Ongoing monitoring of impact fees to ensure regional competitiveness and proportional cost of impact

At the conclusion of the comprehensive planning process, community stakeholders ranked plan priorities at an Advisory Committee Workshop and on the plan's Online Discussion Forum.

Strengthen transportation connections and increase choices between ways to travel.

Create mixed-use activity centers that serve as community destinations.

# Key Recommendation

- · Recruitment of high-quality land developers
- · Cost-benefit analysis of railroad guiet zones
- . Weekend and nightlife programming
- . Mixed-use development at major civic destinations
- · Strategic comidor planning

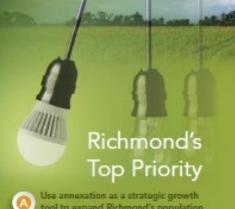

# Other Consideration

- · \*Collaborative marketing of Richmond's assets
- · \*Transit feasibility study to explore local circulator
- · \*Downtown redevelopment plan
- New financing mechanisms to support redevelopment efforts

Allow for and promote a wider range of "missing middle" housing options in Richmond to support home ownership aspirations and varying housing needs at all stages of life.

- Complete review and amendments to Unified Development Code to incent a wider range of housing forms between single-family detached and apartment "complexes"
- Implement Olde Town Plan initiatives aimed at increasing "24/7" residential presence in area
- Pursue strategies to promote mixed-use development that is consistent with Richmond's character and avoids proliferation of dense multi-family housing, including recruiting of best-inclass, core-area mixed-use developers

tool to expand Richmond's population

- Fiscal impact model to influence growth
- · Utility Infrastructure provision and extension
- Voluntary annexations and ETJ agreements

- Improvements Program, Future Land Use Plan, and Annexation Program
- for near-term growth
- · Intergovernmental coordination for annexation and ETJ boundaries

- \*Downtown redevelopment plan
- · New financing mechanisms to support redevelopment. efforts

Maintain momentum in renewing neighborhoods in greatest need, using a broader conception of "quality of life" that uplifts residents through attention to the entire range of physical, economic, social, educational and recreational needs.

- **Continue public/private partnership** initiatives with area foundations and non-profits, with quantified objectives
- Secure Richmond's fair share of CDBG and other state and federal funding
- Address equity in the DCR Strategic Plan (access to employment opportunities)
- **Complete Special Area Plans in follow**up to the citywide CMP update, targeted to areas with known needs and revitalization opportunities
- **Host an annual Neighborhoods Summit** based on Texas and U.S. models

# **New Action Agenda**

to feed into annual budget, CIP, department work planning

- Areas of action likely to receive the most attention and resources in the years ahead
- What, Why, When, Who
- Potential "metrics" for tracking and reporting on implementation progress and completed items
  - Quantitative where possible
  - Or qualitative but as discrete as possible
- Timeframe:
  - Immediate (Years 1-2)
  - Near Term (Years 3-5)
  - Later (Years 6-10+)
  - Plus Ongoing items

#	Action	Strategic Priority(ies)	Timeframe	Action Leaders and Key Partners	Measure(s) of Progress and Completion
1	Unified Development Code updates based on CMP updates, including new zoning district for Planned Mixed Use category	D, E, F, K, L	Immediate- Near Term	Planning & Zoning Planning & Zoning Commission City Attorney	
2	Annexation strategy based on more limited municipal authority (Strategic Partnership Agreements, limited- purpose annexation, petitions for voluntary annexation and ETJ inclusion, etc.)	А, В	Immediate- Ongoing	City Manager City Attorney Finance Public Works Fire and Police	
3	Special area planning after CMP, including potential H-GAC Livable Centers Study	D, E, F, K, L, M, N	Near Term	Planning & Zoning	
4	New City Hall and consolidation of City functions — and planning for re-use of old City Hall	B, J, K	Immediate- Near Term	City Manager

#	Action	Strategic Priority(ies)	Timeframe	Action Leaders and Key Partners	Measure(s) of Progress and Completion
16	Update to and implementation of Parks, Recreation & Open Space Master Plan, including a strategy for adding recreational programming	B, F, I, K	Near Term and Ongoing	Public Works / Parks	
17	Ongoing grant pursuits to leverage and supplement City financial resources	All		City Manager All departments with external funding potential	

# Measures of Progress and Completion

- Budget allocated to initiatives
- Capital project steps (CIP, design, contracts, construction)
- Grant applications/wins (+ budgeted match)
- "Units" completed, added
  - Lane miles of rehabbed streets
  - Linear/square feet of new sidewalk, trail
  - Playground equipment replaced, added
  - Parcels developed, redeveloped
     (and added taxable value, revenue by type)
  - New housing units by type
  - New square feet of nonresidential
  - New businesses, jobs added
- Capacity measures
  - Added treatment capacity
  - Freed-up capacity from East WWTP
- % ground water in City water production

# Measures of Progress and Completion

- **Growth management activities** 
  - Acres incorporated via petitions to annex
  - Revenue from limited-purpose annexation
  - Development agreements,
     strategic partnership agreements
- Police/fire staffing per 1,000 population
- UDC amendments, acres rezoned
- Street system "connectivity index"
- # served by recreational programming
- Installed marketing/branding improvements
- Special Area Plans completed
- Public and stakeholder engagement (social media, website, in-person activities)
- Items completed in City's specialized plans
- Added functions, staff space in new City Hall
- Existing department performance measures

# Special Scheduled City Commission Meeting 600 Morton Street Richmond, Texas 77469

Monday, July 8, 2024 at 4:30 P.M.

A6. Adjournment.
